<b>MANUAL OF DIRECTIVES</b>	<b>COMMISSION DIRECTIVE</b>	
	<b>REVOKES</b>	<b>NO. 50</b>
	<b>EFFECTIVE DATE</b> <b>April 20, 2006</b>	
<b>Audit Follow-Up</b>		

Background

OMB Circular A-50 provides the policies and procedures for use by all executive branch agencies, when considering reports issued by the Inspectors General (IGs), the Government Accountability Office, and non-Federal auditors where follow-up is necessary. In response, the Inspector General requested, on February 24, 1993, that the Commission designate an audit follow-up official who would be responsible for ensuring that audit findings and recommendations are acted upon by agency management. On March 8, 1993, the Commission voted to select the Chairman of the FEC as the senior official to serve as the agency's audit follow-up official. Since then, the Commission has approved the duties and title of Chief Financial Officer (CFO) in the Deputy Staff Director for Management's position. The responsibilities inherent in that position more closely fit the skills necessary to implement any audit recommendations. Therefore, the Commission is now designating that individual as the follow-up individual for audits conducted of the Commission's financial statements, and the Staff Director will retain responsibility for informing the Commission of any implementation plan and progress toward completion of that plan.

The Accountability of Tax Dollars Act of 2002 (ATD) required the Federal Election Commission to prepare and submit audited financial statements on an annual basis. In addition, the ATD requires the Inspector General of the FEC, or an independent external auditor selected by the FEC's Inspector General, to conduct the audit of the financial statements.

OMB Circular A-50, Audit Follow-Up, details the roles of those responsible for audit follow-up and actions that need to be taken. The audit of the financial records conducted

pursuant to the aforementioned regulations is different than the processes taken under OMB Circular A-123. Please see Directive 53 for details on A-123.
