**PREFACE TO OFFICIAL CONGRESSIONAL
ELECTION RESULTS -- 1986**

The following official results of United States Congressional and Senatorial elections held on November 4, 1986, have been prepared by the Federal Election Commission. The Commission undertakes this project biennially in order to respond to public inquiries it receives. At the same time, the FEC recognizes a need to bring together in one place all of the Federal election results. The Commission presents this publication as the third in a series designed to provide an accurate, historical record of Federal election results.

Data is based on official figures provided by State election officials, and includes several updates through March 31, 1987. If the vote results are modified in the future, as a result of litigation or discovery of error, the Federal Election Commission will supply errata supplements as necessary.

The Commission has prepared this document as a research tool for Commission staff and State election offices. Additional copies may be ordered from the National Technical Information Service (NTIS), U.S. Department of Commerce, 5285 Port Royal Road, Springfield, Virginia 22161.
