**PREFACE TO OFFICIAL PRESIDENTIAL AND CONGRESSIONAL
ELECTION RESULTS -- 1988**

The following official results of United States Presidential, Congressional and Senatorial elections held on November 8, 1988, have been prepared by the Federal Election Commission. The Commission undertakes this project biennially in order to respond to public inquiries it receives. At the same time, the FEC recognizes a need to bring together in one place all of the Federal election results. The Commission presents this publication as the fourth in a series designed to provide an accurate, historical record of Federal election results.

Data is based on official figures provided by State election officials, and includes several updates through May 1, 1989. If the vote results are modified in the future, as a result of litigation or discovery of error, the Federal Election Commission will supply errata supplements as necessary.

The Commission has prepared this document as a research tool for Commission staff and State election offices. Additional copies may be ordered from the National Technical Information Service (NTIS), U.S. Department of Commerce, 5285 Port Royal Road, Springfield, Virginia 22161.

NOTE: Section 511 of Title 18 of the Louisiana Revised Statutes of 1950, as amended, provides that a candidate who receives a majority of the votes cast for an office in a primary election is elected. When no candidate achieves a majority the top two vote getters, regardless of party, go on to a runoff. This section also provides that a candidate who is unopposed in the primary is declared elected by the people and his name shall not appear on the ballot in either the primary or

We report here the official vote results of the October 1, 1988 primaries where five congressional district elections were decided by candidates achieving majority votes. The runoff in the eighth on November 8, 1988 decided the final contest.
